

SUSTAINABLE REDEVELOPMENT

Sustainable Redevelopment can lead to long-term benefits to the environment, public health, and the quality of life of the surrounding community.

October 1 – 3, 2007
The Brown Hotel
335 West Broadway, Downtown Louisville

Day 1 **October 1, 2007**

1:00 **Half Day Bus Tour of Charrette Sites and Sustainable Redevelopment Examples**
Optional, must register for tour in addition to the conference

5:30 **Walking Tour**
Led by Rick Bell, US Marine Hospital, Louisville

Day 2 **October 2, 2007**

8:00 – 8:30 Outside the Crystal Ballroom: Materials Distribution and Coffee

8:30 **Welcome to the Conference, Structure of the Day** – Crystal Ballroom
Introduction of steering committee, students, and facilitators

8:40 **Welcome to the City** – Crystal Ballroom

9:00 **Morning Plenary**
Inspirational talks set the stage for the conference: the value of redevelopment and infill, protecting and restoring natural systems through redevelopment, and using redevelopment approaches to create better community outcomes
Location: Crystal Ballroom
Speakers: *William Hudnut III*, Urban Land Institute (invited)
 Mark Meyer, Intuition and Logic
 Billy Hewitt, Fire Chief, Tarrant, Alabama

10:45 Break

11:00 Morning Breakout Session – Case Studies of Sustainable Redevelopment in Practice

Urban Case Studies

Location: Crystal Ballroom
Moderator: *Lauren Heberle*, University of Louisville
Speakers: *Bill Weyland*, City Properties Group LL (invited) (11:00)
Benji Timm, City of Milwaukee (11:25)

Rural Case Studies

Location: Broadway A
Moderator: *Herb Petitjean*, Kentucky Brownfields Program
Speakers: *Roy Funkhouser*, Linebach – Funkhouser, Inc. (11:00)
Brian Williams, American Farmland Trust (11:25)

Small Town Case Studies

Location: Broadway B
Moderator: *Kyle Hendrix*, Indiana Brownfields Program
Speakers: *Mayor David Cartmell*, City of Maysville (11:00)
Bob Wilkerson, Barge, Waggoner, Sumner and Cannon, Inc. (11:25)

12:05 PM **Lunch** – The History of the Ohio River – Crystal Ballroom
Charles E. Parrish, Army Corp of Engineers

1:10 Afternoon Breakout Sessions – Collaboration and Planning for Better Results

Sustainable site planning requires collaboration and an integrated approach to design that strikes a balance between competing uses of land.

Panel 1: Cross-Border Collaboration: Spanning the Ohio River for Sustainable Redevelopment

Location: Broadway A
Moderator: *Peter Meyer*, University of Northern Kentucky
Speakers: TBD

Panel 2: Urban Corridor Approach to Sustainable Redevelopment –Park Hill Corridor

Location: Broadway B
Moderator: *TBD*
Speakers: *Charles Cash*, City of Louisville
Susan Hamilton, City of Louisville
Lauren Heberle, University of Louisville

Panel 3: Small Town Approach to Sustainable Redevelopment – The Story of Stella, MO

Location: Broadway C
Moderator: *Chris Harrell*, City of Indianapolis
Speakers: *Dr. Verle Hanson*, United States Environmental Protection Agency
David Doyle, United States Environmental Protection Agency
Mona Hart, Stella Betterment Committee

Panel 4: Integrative Design and Green Engineering Approaches at Cleanup Sites

Location: Crystal Ballroom
Moderator: *TBD*
Speakers: *Green Development Project Manager*, *Importance of Integrating Professions*
Engineering Innovative Storm Water Management and Water Conservation
Implementing Sustainable Energy and Energy Conservation at Redevelopment Projects

2:15 Break

2:30 **Afternoon Breakout Sessions – The Benefits of Sustainable Redevelopment**

Panel 5: Addressing Air Quality, Urban Heat Island, and Climate Change with Sustainable Redevelopment

Location: Broadway A
Moderator: *TBD*
Speakers: *Art Williams*, Metro Air Pollution Control District (2:30)
Brendon Daley, City of Chicago (3:00)

Panel 6: Achieving Watershed Protection with Sustainable Redevelopment

Location: Broadway B
Moderator: *Andrea Zimmer*, United States Environmental Protection Agency
Speakers: *Christine Olsenius*, Southeast Watershed Forum (2:30)
Kirby Date, Cleveland State University (3:00)

Panel 7: Bringing Nature into the Redevelopment

Location: Broadway C
Moderator: *Felicia Barnett*, United States Environmental Protection Agency
Speakers: *Claude Stevens*, Native Landscaping Presentation (2:30)
TBD (3:00)

Panel 8: Making the Case for Infill Redevelopment

Location: TBD
Moderator: *Chris Harrell*, City of Indianapolis
Speakers: Vanishing Bluegrass: Protecting Farmland with Smart Growth, *Mark O'Bryan*, University of Kentucky
Lauren Heberle and *Carol Norton*, University of Louisville (2:30)
Jay Ellis, Jeffersonville Main Street, Inc. (3:00)

3:45 Break

4:00 **Afternoon Breakout Sessions - The Benefits of Sustainable Redevelopment Con't.**

Panel 9: Addressing Public Health With Green Design

Location: Broadway A
Moderator: *Ann Carroll*, United States Environmental Protection Agency
Speakers: *Dr. Adewale Troutman*, Metro Louisville Public Health and Wellness (4:00)
Dr. Tina Forrester, ATSDR (4:30)

Panel 10: Using Brownfield Redevelopment to Address Storm Water

Location: Broadway B
Moderator: *TBD*
Speakers: *Matthew Dubé*, City of Gainesville Community Redevelopment Agency (4:00)
Bob Newport and *Mary Jo Bragan*, United States Environmental Protection Agency (4:30)

Panel 11: Redeveloping to Benefit Disadvantaged Communities

Location: Broadway C
Moderator: *Matt Robbins*, United States Environmental Protection Agency
Speakers: *Mayor John Antaramian*, City of Kenosha (invited) (4:00)
Amy Potts, Rural Heritage Development Initiative and Main Street Programs (4:30)

Panel 12: Combining Environmental Function and Aesthetics in Sustainable Design

Location: TBD
Moderator: *TBD*
Speakers: *TBD*

5:15 **Adjourn**

Day 3 October 3, 2007

7:30 – 8:00 Coffee

8:00 **Welcome to Day Three of the Conference** – Crystal Ballroom

8:05 **Update on University Activities** – Crystal Ballroom

8:15 **Morning Plenary: Introduction to Charrette** – Crystal Ballroom
Dan Helmuth, Helmuth and Bicknese, LLC

8:55 **Charrette – Introduction to Each Site**
Participants will be organized into tables of 10. Each table will be provided with a facilitator, a graduate student to answer questions and draw, and information on one of the project sites.

9:10 **Begin Charrette**
Refreshments available during Charrette

11:45 **Report-out of Charrettes**

12:30 PM **Lunch** – Crystal Ballroom
Felicia Barnett and Ann Vega, United States Environmental Protection Agency, Office of Research and Development
Carlos S. Pachon, United States Environmental Protection Agency, Office of Superfund Remediation and Technology Innovation, Technology Support and Sustainable Redevelopment

1:30 **Overcoming Barriers to Sustainable Development at Cleanup Sites** – Crystal Ballroom
Approaches for overcoming political, public perception, and informational barriers to sustainable projects.
Anthony Arnold, University of Louisville

2:15 **Tools to Assist Communities** – Crystal Ballroom
Discussion of model codes and ordinances, resources, and grants. Examples of local incentives to encourage green development.
Geoff Anderson, United States Environmental Protection Agency

3:00 Break

3:15 **The Economics of Sustainable Development Practices** – Crystal Ballroom
The economic impact of brownfield redevelopment, discussion of financing tools available, and resources for funding your project.
Peter Meyer, University of Northern Kentucky
Charlie Bartsch, ICF International

4:00 **Closing Remarks**

4:30 **General Conference Adjourns**

1:30 - 5:15 **Optional Public Health Roundtable: Public Health and Brownfields Community Training Program - General Public is Invited** - Broadway A
